

CORRECTED PAGE (Template Size)

Other Ideas:

For Cardinal Ball change the silver for gold,
or switch to antique gold,
or replace the green with blue pearl cotton.

For Blue Jay Ball, replace the blue pearl cotton
with red in the bargello rows.

Trims: Use filigree jewelry medallions for top and bottom,
add bead caps or decorative beads on top,
iron on trims in snowflake shapes,
use combinations of beads on the pins to make longer
“drops” on top and bottom,
trim with snowflake buttons (you can remove the
plastic shank by cutting it off with clippers).
Ribbons can be layered, by putting a narrower one
centred on top of the 3/8" one.
Ribbon loops can be
made with very narrow ribbon to lay over the
top of the ornament.

Template for tracing

Template should be 4.5 inches high x 2
inches wide - you may need to slightly adjust
this when tracing so it isn't too large
