### Other Ideas:

Change the order of the bargello colours as you stitch.

Trims: Use filigree jewelry medallions for top and bottom,  
bead caps, (use long corsage pins to attach)  
iron on trims in snowflake shapes,  
use combinations of beads to make longer “drops” on top and bottom,  
trim with snowflake buttons glued on (you can remove the  
plastic shank by cutting it off with clippers).

Ribbons can be layered, by putting a narrower one  
centred on top of the 3/8" one.

Ribbon loops can be made with very narrow ribbon, to lay over the top of the ornament.
