

## Northern Pine Designs

### Thread Substitution Chart

Due to the closing of Needle Necessities, and the subsequent unavailability of their threads, it has become necessary to determine appropriate substitute threads to be used in many Northern Pine Designs patterns.

Below is a chart that shows what other product(s) to use in place of the Needle Necessities threads in each design.

All Threadworx numbers listed are Floss, unless otherwise noted.

All replacement threads are Threadworx products unless otherwise stated.

Others company's replacement products are shown in ***Bold Italics***.

Pattern	Needle Necessities #	Threadworx or Other Replacement
